

POLAR TOOLS

WE ARE PROUD TO PRESENT OUR **NEW POLAR® CATALOGUE.**

POLAR TOOLS A/S is a Scandinavian manufacturer and supplier of professional quality tools. The company was established in 2006 with focus on global sales, creating strong and individual solutions to our global customers within various sectors – from the Army to the Pharmaceutical Industry, Offshore to Airlines, from Denmark to all over the world.

We have one single definition; to produce, sell and supply quality tools. **POLAR®** is good and solid handtools, which are characterized by reliability and design. **POLAR®** handtools follow the strict demands for quality and utility, though **POLAR®** handtools are sold at competitive prices.

At **POLAR®** we focus on offering an assortment which matches the present marked demands and expectations to a serious supplier of handtools. For this reason, all **POLAR®** handtools are carefully selected, examined and tested by professional users at our test centers.

Experience the wide range of products from **POLAR®**, which counts for more than 2,000 quality tools and still more to come.
