SCIE A RUBAN BS 350

CE

Bestelnr./N° de cde. 50093

A technical line drawing of a 12-pin D-sub connector assembly. It shows a rectangular connector housing with a D-shaped front face. The front face has 12 pins arranged in two rows of six. A circular feature is visible on the left side of the front face. A cable with three twisted pairs of wires is connected to the top of the housing. A separate rectangular component, likely a shield or a mounting bracket, is shown to the right of the main housing, featuring a single circular hole.
